Mercedes-Benz

Sprinter Cargo Van

- ▶ 2 wheelbases, 3 body lengths, 2 cargo area heights, 3 Gross Vehicle Weight classes
- ▶ Class-leading cargo volume (318 to 547 cu ft) in the full size van class
- ▶ Class-leading payload (2,872 to 5,375 lbs)
- ▶ Class-leading cargo area height (up to 76.4 inches)
- ▶ Loading length up to 185 inches
- ▶ Towing capacity up to 5,000 lbs and a tongue weight of 500 lbs

Powertrain Specifications

BlueTEC SCR Diesel engine with AdBlue® ²
EPA / CARB 2010 Compliant
6-cylinder, V 72°
4 valves per cylinder
Displacement 2,987 cc
188 hp at 3,800 rpm
Rated torque 325 lb-ft at 1,400–2,400 rpm
Rear-wheel drive
5-speed automatic transmission
Fuel type: Ultra low sulfur diesel
Tank capacity 26.4 gallons
Electronically controlled direct injection with common rail
Turbocharger and intercooler function
Battery 12 V/100 Ah, alternator 220 A

Some specifications and features shown or mentioned in this brochure are optional and only available upon request at extra cost. Specifications are subject to change without notice.

¹ Based on a comparison of the Automotive News classification of full size commercial vans.

² Requires the use of ultra-low-sulfur diesel fuel. Mercedes-Benz Sprinters are approved to use B5 biodiesel (approved diesel fuel with a maximum 5% biodiesel content) in all BlueTEC engines. The only approved biodiesel content is one that both meets ASTM D6751 specifications and has the oxidation stability necessary to prevent deposit-/corrosion-related damages to the system (min. 6h, proven by EN14112 method). Please see your service station for further information. If the B5 biodiesel blend does not clearly indicate that it meets the above standards, please do not use it. The Mercedes-Benz New Vehicle Limited Warranty does not cover damage caused by non-Mercedes-Benz approved fuel standards.

³ No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seat belt. Performance is limited by available traction, which snow, ice and other conditions can affect. Always drive carefully, consistent with conditions. Best performance in snow is obtained with winter tires. Read Operator's Manual before towing. In some states, aftermarket trailer brakes are required. See dealer for details.

⁴ Optional or part of an Option Package.

Warning: the forces of a deploying air bag can cause serious or fatal injuries to a child under age 13. See operator's manual for additional warnings and information on air bags, seat belts and child seats.
